

IBM Netfinity / Lotus Domino Offer

Thank you for choosing an IBM Netfinity® server. If you purchased your Netfinity Server between January 1 and December 31, 2000, you are eligible to receive a solution from the Lotus Domino R5 Server Family. If your server did not include a Domino R5 Solution or Lotus Software Certificate and you meet the eligibility requirements below, follow these instructions to request your Domino R5 solution.

Eligibility Requirement:

You are eligible for this offer if you purchased a Netfinity server model between January 1 and December 31, 2000 and one of the following applies to you:

- Your Netfinity server did not include a Lotus Domino R5 Application Server package or Lotus Software Certificate OR
- The Lotus Domino R5 Application Server package you received was International English edition and you require the North American English Edition OR
- The Lotus Domino R5 Application Server package you received was the Windows NT version and you require the Linux version

Instructions:

If you meet the above eligibility requirements, complete and submit the Lotus Domino Solution Request Form to receive your installation media and documentation at no additional charge. You must include a legible photocopy of the dated sales receipt or invoice from the IBM Business Partner you purchased from in order for us to process your request. All eligibility decisions by IBM are final. Limit one request per IBM Netfinity server serial number.

Note: If you are an IBM Remarketer with a customer who has purchased a Netfinity system from you that meets the above requirement, please fill out the form below with your customer's information and be sure to submit the Lotus Domino Solution Request Form with a legible photocopy of your customer's dated sales receipt or invoice.
